Used Rope Program
Leslie Frank, Grand Falls, MI

Find more at
your LOCAL40.com

Bring in your used rope

With N40's Used Rope Programs, you can bring in your used lariat ropes for \$8 towards a new lariat rope (good for up to three ropes, of \$15 credit). This is a good program for people who burn up a lot of ropes, the college rider or the professional. You have a trailer full of old ropes. Bring them in for money on new ones. Why did we create this program? We sell your used ropes inexpensively to cattlemen for solving no sense burning up a new Spyder with a hot iron when you can come into N40 and get a used rope.

What else do we use your old ropes for? In the fall we sell used ropes for crafting: wreaths, rope baskets and so much more. There are so many things that can be made from used ropes and every one unique and absolutely beautiful. I've made seasonal wreaths using used ropes for the Great Falls store: spring wreaths with flowers, summer wreaths with horsehoes and burlap wire, fall wreaths with bannan and corn stalks, and of course, the Christmas wreath with pine cones—the possibilities are endless.

The Used Rope Program is a great deal for cattlemen and crafters alike—everyone benefits. So bring in your used rope to any North 40 Outfitters—we can use it, so can our customers.
